### CAREER FOCUS: ARTS, MEDIA & ENTERTAINMENT

O727

Through this courses, students will explore post-secondary college and career options. Students will learn the requirements and opportunities for post-secondary education and develop a personal career/life plan while learning valuable foundation skills that will benefit them throughout their school and working life.

#### ART OF DIGITAL PHOTOGRAPHY I

O945 \*

This course provides an introduction to the art and appreciation of digital photography. Students will explore the basic elements of composition and the principles of design including light, movement, and color theory. Combining training in camera operation and image editing with artistic theory, students will learn to visually communicate their ideas and creativity. *This course meets the Visual and Performing Art ("F") requirement for admission to the University of California.*

#### ART OF DIGITAL PHOTOGRAPHY II

O944 \*

Art of Digital Photography II will continue where Art of Digital Photography leaves off, by using similar but advanced software and photo skills for graphic and image manipulation to create commercial graphic products and aesthetic fine art images while promoting technological and visual literacy. The goals of this specific course are to develop advanced digital artists and photographers by teaching a variety of skills and outcomes that will include not only traditional imaging projects

but advanced photojournalism and photo manipulation techniques. *Art of Digital Photography II meets the Visual and Performing Art ("F") requirement for admission to the University of California.*

#### CD-ROM YEARBOOK PRODUCTION

X708

Integrating many skills, class members will produce a finished product of the CD-ROM Video Yearbook, which will be sold for that school year. The course will incorporate language skills, photography, videography, and new skills idiosyncratic to the production nature of a CD-ROM product. Students will hold various editorial functions as the staff of the CD-ROM Yearbook, in keeping with their experience, training, and input toward the final product.

#### YEARBOOK DIGITAL MEDIA COMMUNICATIONS AND MARKETING

O597 \*

Yearbook Design is a year-long course designed to have students understand the role of visual art and design, and its impact on society and culture, particularly in publication mediums. The course will focus on students understanding a designer's target audience and stimulating creativity through a variety of two-dimensional media. Then, students will apply this artistic process to create designs for the yearbook publication. Finally, they will maintain the integrity of design through the editing process,

while collaborating and communicating with their colleagues on the yearbook staff. The assignments in the course will demonstrate a student's ability to apply the principles of design and effectively communicate their message. Assignments will also have students process, respond to, and judge design works using their knowledge of the elements of art and the principles of design. *This course meets the Visual and Performing Art ("F") requirement for admission to the University of California.*
