CAREER FOCUS: BUSINESS

O726

Through this courses, students will explore post-secondary college and career options. Students will learn the requirements and opportunities for post-secondary education and develop a personal career/life plan while learning valuable foundation skills that will benefit them throughout their school and working life.

ACCOUNTING WITH QUICKBOOKS

O623 *

A comprehensive year course that gives students an overview of the accounting process. Elementary theories and problems relating to a single proprietorship are emphasized. The theory of double-entry accounting classification, work sheets, and the preparation of financial statements are all introduced in the first semester course. Second semester accounting provides the student with further skills in applying the principles learned in the first semester. The form of ownership emphasized throughout the first semester has been changed from a sole proprietorship to a corporation. Business simulations are used. Students will learn about money management using QuickBooks software and basic accounting principles. They will utilize the software for basic and more advanced banking tasks. Topics include balancing a checkbook, handling accounts payable and receivable, invoicing, and other small business needs. *This course is approved as a "G" Elective for admission to the University of California.*

PRINCIPLES OF BUSINESS

O824

Principles of business is a year-long course divided into two semesters that introduces students to the basic fundamentals of business through projects, case studies, and a variety of activities. Students learn about various careers and tasks involved in the daily operation of a business. Career and business categories include the areas of accounting, business communication, business ethics, economics, entrepreneurship, finance, human resources, information technology, international business, management, and marketing.

INTERNATIONAL BUSINESS

O627E

International Business provides an introduction and overview of international business with a global perspective on international trade. Career preparation/foundation skills include personal, interpersonal, critical thinking and technology skills. Academic integration supports the content area skills of internal and external environments, channels of distribution, finance, communication and travel.

GLOBAL MARKETING

O628E

Global Marketing provides an overview of the culture of international marketing with a global perspective on international trade. Students will learn global marketing fundamentals as they apply to North, Central and South America, Europe, Asia,

Australia and New Zealand, the Middle East and Africa. Varying cultures, demographics, geography and economics will be compared.

INTERNET WEB DESIGN & DEVELOPMENT

O749E

This course is designed to provide students with classroom and laboratory experience in current and emerging networking and web design technology that will empower them to enter employment and/or further education and training in the computer networking field. The processes of designing and maintaining a Web site will be covered as the student develops personal web pages.

BUSINESS ECONOMICS & FINANCE

O730 *

This course provides instruction in the fundamental micro and macro-economic principles as they relate to business financial activities and outcomes. Students will gain an understanding of how business and the local, national, and international economy interact to produce a profit or loss. Economic, financial, and accounting concepts taught in this course will enable students to understand key elements involved in planning and managing business financial success. ***This course is approved as a "G" Elective for admission to the University of California.***

PROFESSIONAL INTERNSHIP

O745

This practicum and internship course allows the students to apply academic and career readiness skills in a workplace environment. Instruction will combine standards-based classroom instruction with extended on-site industry experience. Students will learn all aspects of Professionalism, and apply 21st Century Skills of Communication, Collaboration, Critical Thinking, Creativity and Problem Solving in a real world setting. Interested students can prepare to take the WorkKeys National Career Readiness Certificate.
