

Local Control Funding Formula (LCFF) Community Survey

Governor Jerry Brown's new Local Control Funding Formula (LCFF) is intended to equitably allocate dollars from the State Capitol to the Districts. The LCFF moves toward a more equitable and efficient approach to allocating resources to School Districts. It is important for Orange Unified School District to consider how well we are doing in achieving improved outcomes for all students in order to target these funds.

We invite you to provide your input in developing our Local Accountability Plan (LCAP):

1. How can OUSD help more students to attend school regularly?
2. How can OUSD help more students to do well in their classes?
3. How can OUSD help more students to graduate from high school?
4. How can OUSD help more students to prepare for college and careers?
5. How can OUSD help more parents to become involved in our schools?

Please tell us about yourself:

___ Parent/Guardian

___ Classified (CSEA) Specify: _____

___ Community Member

___ Leadership Specify: _____

___ Student

___ Other Specify: _____

___ Certificated (OUEA)

If this survey form was distributed at an OUSD Meeting, please specify which meeting.

Name of Meeting: _____ **Date of Meeting:** _____
