Student Use of Bicycles

The Board of Education recognizes that bicycle safety is important to the well-being of students. The District will cooperate with community groups that provide bicycle safety information to students.

Students in kindergarten through second grade are not permitted to ride their bicycles to and from school. Students cannot ride their bicycles to and from school until the third grade. It is the discretion of the school principal to require students to take the Bike Safety Test.

Students who choose to ride bicycles to school are required to comply with bicycle helmet regulations. Students are to bring their own lock to secure bicycles while on District property. The District will not be responsible for bicycles which are lost, stolen, or damaged.
