Welcome To Cambridge Elementary!

My name is Jeremy Mortensen and I am the Principal of Cambridge Elementary School. I look forward to another successful year and getting to know each and every one of our students, staff, parents, and community members.

It is my belief that all students can learn. It is up to us as educators, parents, and community members to work together to ensure that all the students at Cambridge Elementary learn and become respectful, contributing members of our community and society as a whole. It takes us all!

At Cambridge Elementary, we have many programs and activities for our students and parents. Everyone who is a part of Cambridge takes pride in our school and is always willing to put in the extra effort it takes to make our school great!

Our imaginations are our only limits to the amazing programs and achievements we will have here at Cambridge. We can always use your help in assisting us to continually improve our school. Please come and sign up for our many committees and activities throughout the year. Together we can and will make a difference!

Go Crusaders!
