Hello Parents & Guardians,

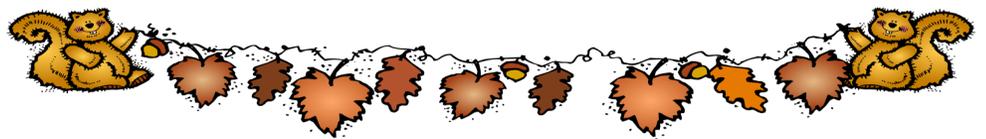

November is the month that all of us are to reflect on all of the wonderful things that have happened this year and to give thanks for these things. Give your child an extra hug and tell them how special they are to you.

Thank you to all of the parents who donated to our fall party.

There are still a few days left to register for Thanksgiving week. Please turn your registration form in ASAP.

Our upper grade students will have a chance to participate in robotics this year. If we are successful in completing our robot we will be participating in the District competition in March we compete with other elementary schools. We do have a permission slip that we have handed out to the children and there are some available in 701 if you are interested in letting your child participate we are also looking for any parents that might want to help as well.

We will be saying good bye to Miss Tania (2nd-3rd grade staff) she has accepted a full time job at a fitness store. We will miss her but wish her the best of luck on her new job. November 6th will be her last day here with us.

**Nutrition & Health Fact:** Turkey is low in fat and high in protein. It is an inexpensive source of iron, zinc, phosphorus, potassium and B vitamins. A serving of turkey is a 2 to 3 ounce cooked portion. The Food Guide Pyramid suggests 2 to 3 servings from the meat group each day.
