Piloting Level(s):

- ✦ Algebra I
- ✦ Geometry
- ✦ Algebra II

Canyon High School
El Modena High School

Digits

Publisher: Pearson Learning

Piloting Level(s):

- ✦ Grade 7
- ✦ Grade 7 Accelerated
- ✦ Grade 8

McPherson Magnet School
Yorba Middle School

MathLinks

Publisher: Center for Mathematics & Teaching

Piloting Level(s):

- ✦ MathLinks 8

Cerro Villa Middle School
Portola Middle School

The Mathematics Instructional Specialists & Administration from the Office of K-12 Curriculum & Instruction met with the Mathematics teachers from all school sites during the 2014-15 school year, reviewed the materials, viewed publisher presentations, and chose programs to pilot for the 2015-16 school year.

All programs were chosen from the most recent list of approved Mathematics materials from the California Department of Education (CDE).
