TEXTS AND SUPPLEMENTAL MATERIALS

Textbooks are adopted on a seven-year cycle that is scheduled for all subjects, including music. Vocal Music teachers in the district review all. Each instructor may then purchase octavo music to supplement the adopted text. The current textbooks adopted by our district are *Something to Sing About*, Volume 1 and *Successful Sight Singing*. Each Instructor purchases graded choral music based on the level of ability of the singers for source material. Students are encouraged to use the Internet for research and reading on assigned and enrichment projects and research.

INSTRUCTIONAL METHODS AND STRATEGIES

Instructional methods include lecture, demonstration, discussion reading, and writing. Small and large group work, student presentation, observation, field study guest artists/presenter, films, video, Internet and other technology such as use of digital recording and computer editing of sound tracks will be studied.

ASSESSMENT METHODS AND/OR TOOLS

Assessment methods include ongoing evaluation of his/her own progress on repertoire based on rubrics. Students learn to assess, analyze and evaluate his/her own performances and the performances of their peers and major artists and ensembles using the vocabulary of music. Homework includes the continuing development of their personal portfolio, reading and researching as necessary. Final assessments are student performances along with written exams.

ASSESSMENT CRITERIA

The instructors establish rubrics with input from students. Standards for academic performance are based upon the Visual and Performing Arts Content Standards for California Public Schools, Kindergarten Through Grade Twelve, grade Nine-Twelve Proficient. Student portfolios for assessment are used to measure student growth and learning over time (one/two semesters and a year).
