INTRODUCTION TO THE SUBJECT:

English Language Development (ELD)—Advanced Reading and ELD English Transition provide a systematic and focused approach to English language development, using rigorous and coherent instruction that motivates students with relevant, readable literature and strategic skill instruction. Advanced ELD focuses on improving the student’s fluency in reading, writing, listening and speaking. The course builds upon skills from the Early Advanced level of ELD and continues to build fluency in vocabulary development, reading skills (decoding) of academic English, reading comprehension, writing strategies focusing on the six basic domains of writing (narrative, response to literature, expository composition persuasive, business letters and technical documents), the use of written and oral English language conventions, as well as effective listening and speaking strategies. Students will continue studying and will analyze a variety of literary forms including short story, poetry, expository, drama and novel. They will continue working with the writing process (prewriting, precomposing, writing, sharing, revision, editing and publication/evaluation). Students will continue to build fluency in academic language and prepare for high school graduation. The California Language Arts Content Standards as well as the English Language Development Standards have been incorporated into the Course Objectives.

COURSE OBJECTIVES: Students will

(Listening/Speaking) Continually expand their comprehension and production of oral English in ever widening contexts to participate fully in a mainstream English setting. Specifically, they will understand and speak oral English within the age-appropriate parameters as stated in the *California ELD Content Standards: Grades 6 – 8*, at the Early Intermediate Proficiency Level.

(Reading) Become readers who employ appropriate strategies and skills to construct meaning from increasingly complex English print. Specifically, they will expand their use of age-appropriate literature and familiarity with a wide variety of genre as stated in the *California ELD Standards: Grades 6 – 8*, at the Early Intermediate Proficiency Level.

(Writing) Become increasingly skillful writers of English, able to communicate effectively in an ever widening variety of contexts. Specifically, students will fully employ the writing process and write English within the age-appropriate parameters as stated in the *California ELD Standards: Grades 6 – 8*, at the Early Intermediate Proficiency Level.

(Careers) Develop English skills needed for a wide range of occupations and gain awareness of the variety of career choices available, especially to those with proficiency in multiple languages.
