Education + Communication = A Better Nation

Covering the Orange Unified School District

## 2008/2009 District Map & Calendar

Renae Dreier, Ed.D

Each day students are redefining their personal goals for achievement, expecting higher standards for themselves at all grade levels. To meet their needs, it is incumbent upon the school district and parents to work together. Helping to ensure student attendance, promotes better grades and fewer discipline problems. The calendar on page three, the separate listing of all holidays and breaks on page six, as well as a the complete school calendar on the back page, will help you plan for the future.

The maps on the following pages will assist you in learning about the District and the locations of the school sites. Orange Unified is geographically diverse and the students that attend our schools provide a rich cultural and socio-economic palate. All parents have the right to request that their student attend any school in the District, provided there is space available at the requested school, and space is available in the requested program.

As stated as one of our Top Ten Core Values, "What's best for our students comes first and foremost."
