

Memo – 2nd Notice

To: Certificated Employees

From: Sharon Davis – Payroll Manager

Date: 5/12/2017

Re: Discontinuance of Deferred Pay Option (2017-18)

This is a reminder that effective **2017-18** school year the Deferred Payment Program through the Orange County Department of Education (OCDE)-County Payroll System will no longer be available.

What this means is that after the conclusion of this current school year, all certificated employees will be moved to the ten-month payment option and will be paid their contractual salary in ten equal installments instead of the **optional** twelve payments beginning with the 2017-18 school year.

Consequently, if you currently are enrolled in this program your last check will be in the summer of 2017 (July or August).

For your consideration, you have the option of enrolling in the Paycheck Planner or Summer Saver Programs offered by Schools First Federal Credit Union, which are exclusively designed for public school employees who are on a 10- or 11-month pay schedule. Please call SFFCU directly at 714/ 258-4000 or visit their website www.schoolsfirstfcu.org for more details on these programs.

Should you have any questions or concerns please give us a call at 714/628-5353.

Sincerely,
