Comfort Connection Family Resource Center

Dear Parent or Caregiver,

We realize that accessing various social recreational programs and services for your child with special needs requires planning. The following list of questions has been compiled by parents and professionals who understand some of the considerations and accommodations that may be necessary.

Whether you approach someone in person or inquire over the phone, it may be helpful to explain that the person you are inquiring for has special needs and you would like to ask a few questions about the program and/or services. By letting them know ahead of time, they may be a little more patient and give you the time that you need. We realize that all of these questions may not apply to your own situation and therefore we encourage you to ask questions that apply to your child's needs.

- Do you currently serve any individuals with physical or cognitive disabilities that you know of at this time?

- What is your teacher to student ratio for classes and/or activities offered?

- How is your staff trained on providing services for individuals with disabilities?

- Can you provide the additional support my child needs i.e. toileting, feeding?
(Feel free to share examples of any specific assistance needed.)

For additional resource information, please contact Comfort Connection Family Resource Center at (714) 558-5400
