## School Accountability Report Card

### Reported Using Data from the 2015-16 School Year

#### Published During 2016-17

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### **School Description and Mission Statement (School Year 2016-17)**

The purpose of the School Accountability Report Card is to provide parents with information about the school's instructional programs, academic achievement, materials facilities and staff. Information about Orange Unified School District is also provided. Unless otherwise specified, the information provided in this report is from the 2015-2016 school year. Fairhaven School is one of twenty-seven (27) elementary schools in the Orange Unified School District, and the only one located in the city of Santa Ana. The school was built in June 1966 on 9.3 acres of land and is located on Fairhaven Avenue between Grand and Tustin Avenues. Fairhaven provides Preschool and Transitional Kindergarten through 6th Grade educational services and houses two special day classes for students with special needs. Students come from a varied range of ethnic and cultural backgrounds. Approximately 575 students in Transitional Kindergarten through 6th grade attend Fairhaven.

Fairhaven Elementary takes a child-centered approach to education. Every child has the capacity to learn and the right to the best possible education. Instruction is differentiated to meet the individual student's needs and learning styles. Fairhaven has a diagnostic Response to Intervention and Instruction system in place where every student is given a universal screening assessment three times per year. The results of these assessments guide teachers in forming homogeneous groups where the specific needs of each student are addressed.

We are committed to creating a safe and caring environment that fosters the intellectual, social, emotional and physical growth of each student. The development of literacy, critical thinking, and problem solving skills are crucial to the success of our students as we focus on vocabulary development and reading comprehension. As the result of our outstanding program, Fairhaven was selected to receive the title of a National Blue Ribbon School in 2012 and a California Gold Ribbon School and a Title 1 Achievement School in 2016.

We encourage our parents and community members to become involved and familiar with Fairhaven School. The Falcon Newsletter is sent home monthly and informs the community of past news and upcoming events. Teachers send home communications folder; 4th-6th Grade teachers send a daily agenda. Our vision is: Students, families, and staff work as partners to ensure that all students meet and/or exceed their learning and educational goals. Fairhaven's Mission is: Fairhaven Elementary School provides optimal learning for all students in all curricular areas, and remains focused on the whole child's social, emotional, physical, and academic needs. Families, students, and staff at Fairhaven Elementary School work together to provide a positive learning and teaching environment, which promotes success for all. Our goal is for all students to raise their achievement levels and become productive and positive members of the wider community.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

**Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2016-17)**

**Year and month in which data were collected:** October 13, 2016

All K-8 textbooks are selected from the state matrix provided through the California Board of Education. Teachers peruse the materials and select by majority vote. Selected texts are then submitted to the Board of Education for final approval. Textbooks are procured in sufficient numbers for each student to receive a textbook. High School adoptions are content area based, with teachers selecting appropriate materials for the course objectives as outlined in the course description approved by the Board of Education. Selected texts are submitted to the Board for approved use in classrooms with purchase ratio of one per student. The Public Hearing and Adoption of Resolution No. 13-16-17 of the Board of Education of Orange Unified School District on the sufficiency of textbooks, instructional materials and science lab equipment (9-12) was approved on October 13, 2016.

**School Facility Conditions and Planned Improvements (Most Recent Year)**

Maintaining the appearance, safety and functionality of Fairhaven Elementary is important. During school year we concentrate on working with students and staff to keep the facility clean and sanitary. Classrooms are cleaned throughout the day as needed. The campus houses 17 portables and 15 permanent classrooms to accommodate 575 students in grades TK-6. The campus also houses a library facility with wireless Internet access, a computer lab for 35 students, a multipurpose room, two Special Day Classes, Intervention Teacher Instructional specialist, Inclusion specialist, and Speech and Language Specialist services. Fairhaven Elementary School is maintained by two full time custodians. One works during the day, and one works the evening shift. Quarterly safety reports in regard to maintaining a safe campus are turned in to Risk Management twelve times during the year. The school is supported for additional maintenance and repair by the district maintenance and operations department.

This data was taken from the July 2016 Facilities Inspection Report.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the Other Pupil Outcomes State Priority (Priority 8):

- Pupil outcomes in the subject areas of physical education.

### California Physical Fitness Test Results (School Year 2015-16)

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

### Opportunities for Parental Involvement (School Year 2016-17)

Parents are involved with Fairhaven School through a number of school organizations, including our Parent Teacher Association (PTA), the School Site Council (SSC), the English Learners Advisory Committee (ELAC), picture days, health screenings and a number of other activities as well parent volunteers in classrooms and our school library. Parents attend the annual fall Back to School Nights, fall Parent/Teacher conferences, as well as Open House in the spring. Parent participation in math, science, technology, and literature family nights is encouraged. Our Community Aide is a vital link with our parents and community. We use community resources such as the Bowers Museum, the Santa Ana Community College Planetarium, the Discovery Museum of Orange County and the Santa Ana Zoo for study trips. The Nature Conservancy has sponsored our fifth grade participation in outdoor science programs (Inside the Outdoors). Our parents are encouraged to attend field trips or work as classroom volunteers. The PTA supports the instructional program by providing funding for supplemental classroom materials, art supplies, PE supplies, field trips and much more. The PTA also provides social opportunities for students and parents by participating in the Fall Festival, Winter Festival, Jog-a-thon, Reading Day and more.

The Fairhaven School Site Council, composed of staff and parents, reviews the instructional program and approves additional state funding for staff development, developmental educational materials, technology, and parent education. The School Site Council meets five times a year and invites all interested parents to attend the meetings. ELAC meets a minimum of four times a year and all parents of Limited English Proficient students are invited to attend. A yearly survey is conducted so all parents can evaluate and provide specific input on the programs and the effectiveness of the school in meeting their children's needs. Parent involvement is an essential part in helping to educate our children at Fairhaven. Fairhaven is constantly seeking to strengthen our home-school connection, and parents are encouraged to participate as much as possible.

### State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

## School Safety Plan (School Year 2016-17)

Each of the district's schools develops and adopts, in accordance with Education Code § 32280 – 32289, a Comprehensive Safe School Plan particular to their site. Each school site is required annually, by March 1st, to have reviewed, and if necessary, updated their Safe School Plan. Each school forwards its Safe School Plan to the district through the office of Student and Community Services. The office of Student and Community Services provides plan development assistance to the schools and maintains a file of individual school plans available for inspection by the public.

Fairhaven school safety plan was reviewed and approved from school site council on February 11, 2016. A comprehensive disaster plan is in effect and fire and/or earthquake drills are conducted monthly. Lockdown Drills take place four times per year as safe practice for a variety of reasons. All schools in the district are linked through an emergency radio contact system and district radio drills are held periodically to be prepared in case of an actual disaster. The school and District work closely with the municipalities in its preparations for a possible emergency. Providing a safe environment for our students is of paramount emphasis at Fairhaven. Fairhaven is a closed-campus school. The front office gate is open during school hours so that parents have access to the office. Administration, teachers and Noon Supervisors provide supervision during recesses, egress and ingress. All visitors are required to report to and sign-in through the front office. Each year we practice our emergency Preparedness Plan. Our staff is constantly on the alert to make our school a safe place for students.

**Types of Services Funded (Fiscal Year 2015-16)**

Fairhaven operated the following categorical programs for the 2015- 2016 school year:

Fairhaven is a Title One School. Fairhaven supports the learning program with one full time resource teacher who works with at risk students in Language Arts in addition to providing a variety of supplemental materials for teaching and learning. This included technology, teacher training, staff development, and grade-level planning. Fairhaven has an after school Think Together Program that includes academic intervention, physical activity, and an enrichment program (art, music, drama). Additional support has been provided with one full-time instructional coach to support teachers and students in Kindergarten through sixth grade who were below grade level. Support was also provided to students in the area of ELD and small groups for math. A teacher coordinates ELD groups and ensures students' needs are met in ELD instruction and with appropriate materials. Our categorical funding also supports the salary of a part-time community aide who serves as a liaison between parents and the school and helps coordinate activities in parents' primary language. We also provide interpretation services, child care, and transportation, when possible, to support parent participation at the school. Categorical funding also supports classroom teachers in providing after school intervention in the areas of reading and/or mathematics . Teachers provide focused support to students in need on particular standards on an ongoing basis. Substitute teachers are provided as needed for staff development and teacher training.

**Professional Development (Most Recent Three Years)**

Staff development opportunities are provided throughout the year on site and at the district offices, as well as through teacher-to-teacher mentoring programs such as BTSA (Beginning Teacher Support and Assessment) and PAR (Peer Assessment and Review), staff meetings, conferences and school-based in-service meetings (modified day). BTSA, PAR, school facilitators and outside consultants provide school and district-level staff with curriculum development in identified areas of need. Fairhaven teachers participate in professional development opportunities that foster a collaborative and innovative culture. The Wednesday modified day schedule is used effectively to support teacher collaboration within Professional Learning Communities and Professional Development. The focus of PLC meetings and Professional Development trainings are developed collaboratively by the Instructional Leadership Team with input from all teachers. Data from a variety of assessments is regularly reviewed and analyzed to provide student interventions and professional development for teachers (Dibels, Envision Math assessments, District Instructional Activities, CELDT, etc.) During the school year, the Fairhaven faculty takes part in a number of in-services to improve student learning, including: Language Objectives/Purposeful Grouping, Response Frames, Common Core Standards, Lexia, Envision Math, GLAD (Guided Language Acquisition and Development), technology, Write From The Beginning, classroom instruction and student engagement. These Professional Developments take place on Modified Wednesdays and additional through after school training presented by our Instructional Specialist or other members of the leadership team. Teachers in grades K and 5th piloted the Wonder curriculum for ELA. As a result of all these trainings, our teachers have been able to apply research-based strategies in the classroom, as well as utilized assessments to drive instruction.
